The revenue performance in terms of year-to-date actuals is 104%, but when we exclude grants and focus on the municipality's own revenue only the performance is 66%, a 4% increase as compared to the previous month. It should be noted that no provincial or national grants should be received during April to June of any year. This is to prevent confusion from the overlap of the national government and the local government financial years and the negative impact this has previously had on reporting.

The municipality received R 8.8 million for this quarter, which was not budgeted for; and this grants are from Regional Bulk Infrastructure Grant (RBIG) for Heuningvlei water project, Kumba Iron Ore for construction of access road (N14 via Khangkhudung to Camden) and COGHSTA (housing grant).

Municipal System Improvement Grant expenditure is below the target. The development of by-laws is progressing well and gazetting will be done after consultation is completed. The consultation will take place during February 2015

Municipal Water Infrastructure Grant expenditure is below the year-to-date budget due to community member refusing the contractor access to the borehole in both Bendell and Kiangkop village, which led to the delay of construction works.

Water Service Operating Subsidy Grant expenditure is below the target but the contractors are busy on site refurbishing some of the boreholes which are non-functional and the municipality has engaged the hydrologist for testing of all remaining borehole after it was discovered that the some borehole have dried up.

Municipal Infrastructure Grants projects going well except Sports and Recreation facilities.
